About king swings

We're King Swings. A family-owned company with a 35+ year history of building premium swing sets that inspire enriching play and discovery. Handcrafted and customized so they are as unique as your family. Made with quality materials that stand the test of time. Our modern designs and imaginative accessories will inspire backyard play for the whole family.

Centered in the Amish tradition of unmatched craftsmanship, we are founder-led and family-owned. We prioritize quality, safety, and customer service. We offer a personalized approach to design with nationwide delivery and professional installation services.

From humble beginnings, we are a direct-to-consumer brand that has grown into a renowned design-led manufacturer of premium made-to-order swing sets, playhouses, and playgrounds handcrafted in Chester County Pennsylvania. Our headquarters rests on over 70 acres of idyllic farmland, encompassing CEO Elmer King's homestead.

We create memories that last a lifetime with swing sets built to do the same.

Our PLAYSET SERIES

PLAYHOUSE SERIES

Combining the magic of imaginative play with the fun of a swing set, the sets feature playhouses with classic playset elements like slides and swings. Perfect for kids who love pretend playtime, the sets transform your backyard into a world of adventure while providing a cozy space for restful relaxation.

Family Favorite set: The Palace *on page 22*

LARGE SERIES

Designed for families with ample yard space, the sets offer the ultimate play experience with extra-long slides, spacious play decks, and multiple swing options. The sets provide versatility and room for customization, ensuring adventures for kids of all ages while being a standout feature in your backyard.

Family Favorite set: Space Walk *on page 36*

MEDIUM SERIES

Striking a balance between space efficiency and play potential, the series fits comfortably in an average-sized yard, offering exciting features like swings, slides, and climbing walls. With more room for customization, the sets fit seamlessly into a standard backyard.

Family Favorite set: Sea King *on page 48*

SMALL SERIES

Perfect for families looking to maximize fun in a compact space, the series has all the classic swing set elements. A great choice for younger children or homes with limited outdoor space while delivering the same quality and craftsmanship on a smaller scale.

Family Favorite set: Cubby's Fort *on page 58*

MODERN PLAYSETS. HEIRLOOM QUALITY

- ★ **MODERN DESIGN** We blend timeless craftsmanship with modern design to create playsets that perfectly complement today's home. Our color palettes, contemporary styles, and customizable features fit seamlessly into your backyard's aesthetic.
- ★ **PREMIUM MATERIALS** Built with Trex decking, Georgia Yellow Pine, and stainless steel hardware, our playsets are designed to endure the elements, heavy use, and, most importantly, the test of time.
- ★ **EXCEPTIONAL CRAFTSMANSHIP** Made in the USA, the artisans at King Swings take pride in their work and craft the highest-quality swing sets. We take a personalized approach to every swing set we build, which allows us to customize our product.
- ★ **HIGHEST SAFETY STANDARDS** From materials to construction, safety is our #1 priority when crafting and installing our sets. Our design team will ensure you pick an age-appropriate set that grows with your kids and is installed in a safe area of your yard.
- ★ **BEST IN CLASS WARRANTY** We stand behind our work. The vinyl has a 20-year warranty against discoloration and fading, and the swing set has a 6-year warranty on all parts & artistry.
- ★ **TOP-RATED CUSTOMER SERVICE** From sales to delivery and installation, we consistently receive 5-star reviews on Google. Our customers praise our efficient, straightforward process and commend our team for being polite, hardworking, and reliable.

Quality in EVERY DETAIL

King Swing sets are handcrafted at our headquarters in Chester County Pennsylvania with the finest materials available in the USA. Our dedication to ensuring quality and durability is unmatched, down to every last detail.

SURFACING

Playground surfacing, whether wood or rubber mulch, sand, or other material, is used in playgrounds for impact attenuation. It provides cushioning to reduce the risk of injury from falls and can also help with drainage and maintenance.

RECYCLED RUBBER MULCH

- Exceptional shock absorbency
- Reduced risk of playground injuries
- 12 year color guarantee!
- It will not blow away or wash away in storms
- Reduces bug and rodent infestation and does not attract ants
- Will not decompose or compress
- Weather-Friendly, never freezes
- Always dry and ready to play almost immediately after even the heaviest rain
- Rainproof, does not retain moisture, slipperiness or dirt
- Our mulch is 99.9% steel free
- All our products are proudly made in the USA, and are GSA, ASTM and IPEMA certified.

WOOD MULCH

For a traditional play area, we also offer wood mulch. Enjoy a play area like you had when you were a kid!

BEUTA LANDSCAPING EDGING

Keep your play area neat with our flexible plastic edging that looks similar to natural stone and installs quickly and easily.

WEED GUARD

Keep the weeds outside of your play area with our landscaping screen! Our weed guard comes in wide rolls and can be cut to the desired length of your playground site.

king swings COMMERCIAL

King Swings offers both a residential and commercial line of engaging, safe, and fun swing sets and playgrounds. Our residential line serves homeowners, businesses, churches, or other entities that do not require an ASTM-compliant playground.

Our commercial playground line is built to ASTM codes, making it a perfect fit for a commercial playground application. The following playgrounds are residential sets built in a commercial setting.

Flannick Family **CUSTOM DESIGN**

The Flannick Family dreamed of a special place where they could hang out as a family, play, and enjoy sunny days together. Piece by piece, they designed their dream playhouse swing set, and it became a wonderful reality the day our crews delivered and installed it in their backyard.

Every inch of this modern playhouse is packed with fun and designed to be shared. From the hammock hangout under the playhouse to the massive ball pit, this large playhouse design features three different slides, a cargo net, a rock wall, a fireman's pole, and so, so much more! The playhouse reigns from a 7' deck height while the double-decker tower soars up to 9'!

Misting systems on the avalanche slide and the swing beam means the fun won't stop even on the hottest days!

The Flannick's custom playhouse swing set will be the hub of many happy times and, many years from now, will be the subject of fond memories shared together.

FREQUENTLY ASKED QUESTIONS

WHAT IF MY YARD HAS A BIT OF A SLOPE?

We can work with a slope of 12" over 20'. If you have a slope, we will need to dig down/or block up the tower to stabilize it.

WHAT ARE THE COLOR OPTIONS?

For the vinyl on your swing set, you can choose ivory with brown decking, bright white with gray decking, for black with grey decking. Playhouse walls can be white, ivory, red, blue, green, black, gray, brown, sage green, and slate blue. Most swings, slides, and climbers are available in blue, red, gray and green.

DOES CUSTOMIZING COST EXTRA?

No. We love to help families design their own swing set so there is no cost for customizing. The cost only changes as you remove or add components.

HOW EASY IS VINYL TO CLEAN?

Very easy. Just spot-wash as needed with a simple cleaner or give it a power washing.

WHERE DO YOU DELIVER AND INSTALL?

We deliver and install nationwide. Contact our team to learn when we can deliver to you!

WHAT SURFACES CAN THE SWING SET BE INSTALLED ON?

King Swings installs on grass, sand, gravel, dirt, turf, concrete (assuming you will add playground surfacing), and mulch. We offer several mulch options that can be installed at the same time as the set. (see page 84)
